

CALIFORNIA ARTS COUNCIL

ART MAKES US

2024 STATE ARTS GRANT OPPORTUNITIES

Apply for your organization's state arts funding

California is home to more artists than any other state. Creativity is an indelible part of our culture. And with each new work and project brought to life – every image, every word, every movement, every sound – we're writing our own story and defining who we are, and who we aim to be. The art we make makes us.

The California Arts Council is your state arts agency. It's our job to help maintain our state's unique identity by supporting the organizations that keep that artistic energy thriving and make our diverse communities healthy and vibrant.

Our statewide grant opportunities work toward funding our agency's vision of a California where all people flourish with universal access to and participation in creative expression.
