

COUNTY ARTS AGENCY

Directory

Want to get involved in the arts, culture, and creativity happening near you? One simple way is through your county arts organization. These designated arts agencies — our State-Local Partners — receive general operating support and technical assistance from the California Arts Council in order to foster cultural development within their communities and provide financial support, services, and other programming to local arts organizations, individual artists, and the community as a whole.

Use this directory to contact your county arts organization today.
